**Subject:** Administrative Draft BDCP Ready for Review

Hi Stephanie and Susan -

Reclamation has received a revised Administrative Draft of the BDCP. I have a CD ready for you.

Stephanie: please let me know your address and I will mail you a copy.

Susan: I can drop off a copy with you tomorrow if that works for you... just let me know.

Let me know if you have any questions.

Thanks!  
Mary Lee Knecht

---

Greetings BDCP Review Team:

Reclamation received the Revised Administrative Draft of the BDCP this afternoon (transmittal from ICF included below). All of the files have been downloaded to the "BDCP HCP" folder on the FTP site.

Review File/Comment File: Each document is included in two different forms. The PDF includes all changes shown since the February 2012 Administrative Draft. This document is for review only; do not provide comments on the PDFs. Please use the "Clean Word" files to make all edits/comments in "track changes" mode (instead of the comment form per ICF).

Missing Sections: Please reference ICF's transmittal below to note a few sections that are missing or incomplete.

Comment Due Date: Please submit all comments to me no later than Friday, February 22, 2013. However, we would appreciate receiving comments as soon as possible so please feel free to send them over in batches as they are ready.

Should you have any questions please feel free to contact me.

Happy Holidays!  
~Mary Lee

Transmittal Letter from ICF:

ICF is pleased to deliver for your review the Revised Administrative Draft Bay Delta Conservation Plan (BDCP), as indicated by the watermark on every page. This is the first complete deliverable since the February 2012 Administrative Draft. To create this Revised Administrative Draft, ICF has tried to incorporate all of the feedback received since the February 2012 draft in written comments, and from comments expressed at many meetings. This Revised Administrative Draft also reflects an extensive amount of extra effort and coordination between DWR and DFG in the last two months in particular. While ICF has made every effort to incorporate this extensive feedback, we recognize that there still may be outstanding issues left to resolve before the public draft is released next summer. This document contains the complete plan and appendices, with the following exceptions:

- Sections 5.3 and 5.6, effects on ecosystems and landscapes (5.3), and effects on covered fish (5.6), will be delivered in late January 2013 to allow for continued collaboration with the fish and wildlife agencies on these sections.
- Appendix 5.B, Entrainment, will be delivered on January 2.
- The portions of Appendix 5.I dealing with critical habitat for fishes and essential fish habitat will be delivered in late January 2013 for the same reasons as Sections 5.3 and 5.6.
- Section 9.4, Practicability, will be delivered in late January 2013.
- Section 3.6, Adaptive Management and Monitoring, is included in this draft, but does not reflect comments received from the federal agencies in early December. (This draft is the same as the one the federal agencies just reviewed.)

This Revised Administrative Draft BDCP is for your exclusive review and comment only. Please DO NOT forward this email or share these deliverables with outside parties. This revised administrative draft will not be posted on-line. A public distribution of the complete revised administrative draft Plan will occur in February 2013, once all sections

of the Plan have been distributed to the federal agencies.

We thank you for your continued commitment and dedication to working with us on this important project. We look forward to working with you further to address your comments on these chapters to develop a public draft BDCP.

Mary Lee Knecht
